Curitiba 2016: Joining forces for Health Promotion and Equity

We are pleased to invite you to the 22nd IUHPE World Conference on Health Promotion on the theme Promoting Health and Equity that will take place in Curitiba, Brazil from May 22-26, 2016.

The Conference aims to build bridges between the fields of health promotion and equity.

The conference will provide opportunities to:

- present and discuss state of the art knowledge and cross-cutting issues in health promotion and equity,
- showcase and challenge best practices in health promotion with focus on equity, and
- initiate strong alliances and partnerships for promoting sound policies and practices that positively impact the health of people, societies and the planet.

We expect three thousand professionals and decisionmakers from all over the world from the fields of health promotion and public health.

We are looking forward to welcoming you in Curitiba!

Innovating Insights

Distinguished speakers will provide their newest insights and share their opinions on the:

- essential health promotion policies and strategies for the public and private sector to overcome social, cultural and economic challenges that influence health;
- health of populations, the social and the natural environments globally and locally from health promotion and equity perspectives;
- innovative perspectives on territorial change, governance and urbanism in support of people’s health.

Key-note Speakers

Fourteen prominent and inspiring speakers have been invited to share their insights on Promoting Health and Equity. Invited speakers include:

- Leading researchers;
- Heads of UN and other international organisations;
- Representatives of national and local governments; and
- Key opinion leaders from profit and non-profit sectors and civil society, from various parts of the world.

Confirmed key-note speakers (as of 07.06.15):

- Vivian Lin, Director for Health Sector Development WHO, Australia
- Adriano Massuda, Municipal Secretary of Health in Curitiba, Brazil
- Danny Broderick, Researcher and decision-maker in intersectoral action and Health in All Policies, Australia
- Aziza Chaouni, Architect, Assistant Professor, University of Toronto, Canada
- Jaime Breilh, Pioneer on theoretical and methodological work in the area of critical (“social”) epidemiology, Ecuador
- Cesar Victora, Researcher on socioeconomic inequalities in health, Brazil
- David Stuckler, Professor and researcher integrating political economy and public health, University of Oxford, UK
- Vandana Shiva, Environmental activist and anti-globalization author, India

Research & Learning

Twenty sub-plenary sessions will be organised by the IUHPE Global Working Groups and other important stakeholders, addressing such issues as:

- Eco-Social determinants of health,
- Health in all policies and intersectoral action,
- Health Literacy in all Policies,
- Lessons for Health Promotion to prepare for the Next Disease Outbreak; and
- Conflict between the public and private interests and health promotion actions.

Dialogue & Capacity Building

Practitioners, researchers, decision-makers and students from key disciplines, institutions and networks will present their latest research, outcomes and practical experiences related to health promotion in general and to the conference topics in symposia, workshops, oral presentations and posters. « Meet the Creator » sessions every morning will facilitate discussions with selected authors of recent publications, designers of games, mobile apps, videos, dance, music, theatre, etc. on health promotion and equity.

A number of additional side events and meetings will be organized prior, during and after the conference to promote collaboration, dialogue and exchange.

Creative Interaction

Creative and interactive learning methods such as « Open Space » and moderated electronic poster presentations will be introduced to provide participants, with a unique, inspiring learning experience and support outreach to other fields and networks.

Networking

This conference will provide more than 3,000 participants representing the public and private sectors and civil society with significant opportunities within the scientific and social programme to establish and strengthen their professional networks.

Call for Abstracts

Abstract submission (for symposia, workshops, oral presentations, posters and innovative session formats) is now open. The deadline for abstract submission is September 4, 2015.

Abstract topics cover core health promotion issues and the crucial links between promoting health and the environmental, economic, urban, social and cultural changes that challenge people, societies and the planet. We invite abstracts that address one or more cross-cutting issues.

Key cross-cutting issues:

- Health of populations
- Equity
- Public/private partnership
- Sustainability
- Health in all policies
- Capacity building
- Ethics
- Urban change
- Bridging research/practice gap

Host City & Conference Venue

The host city of the 22nd IUHPE World Conference on Health Promotion is located in Curitiba, Brazil, an innovative and multicultural city. Founded in 1693, Curitiba is the capital of Paraná, one of the three southern states of Brazil. The city offers something for everyone: www.turismo.curitiba.pr.gov.br. The social program and sightseeing opportunities in Curitiba and surrounding areas will be offered to participants and accompanying persons.

The conference venue is the Expo Unimed Teatro Positivo: www.expounimedcuritiba.com.br conveniently located 15 minutes from the city center; it has a total area of 11,535 m² and a large exhibition space.

Travel & Accommodation

Curitiba is easily accessible by different means of transport from all parts of the world.

A large number of rooms have been reserved in different hotel categories with special discounted room rates for IUHPE 2016 participants. The conference venue can be reached from all hotels via public transportation which will be free of charge for all conference participants.

Bursaries

A small number of bursaries will be allocated based on a strict selection process which will be closely tied to the abstract submission process scheduled to take place between May 2015 and September 2015.
